Mountain High Yoghurt is all natural. It contains NO artificial sweeteners, flavors, colors, or starches. Just billions of live, active, and probiotic cultures, including *L. acidophilus*, *B. bifidus*, and *L. casei*. Mountain High flavored yoghurts are sweetened naturally with pure crystalline fructose, which has a low glycemic index. And all Mountain High Yoghurts are rBST-free, which means they contain NO artificial growth hormones. That's my kind of food!

Thank you.
